

Vancouver Island School of Innovation and Inquiry

visii.ca

Imagine an education that **puts our children at the centre** of the learning process.

Imagine a place without bells or lockers, where the Garry Oak meadow is our playground.

Imagine a place where **our children can dream**, explore their passions, and nurture their curiosity.

The **Vancouver Island School of Innovation and Inquiry**, started by passionate parents and educators on behalf of their own children, is that place. It's the only inquiry middle school on Vancouver Island.

VISII offers one of the smallest learning groups in BC. Keeping learners safe, healthy, happy, and curious is our mission.

Contact admin@visii.ca to apply.

Visit our website (visii.ca) for further information.

We are still accepting applications for 2020-2021.

Applications received by the end of September are eligible for a \$900 rebate.
